Communication
Magic
Easy Connections

mindpersuasion.com
Instructions

Listen with headphones and eyes closed. Visualize any social situation where you are communicating easily, elegantly and persuasively. See the smiles and excitement on other’s faces. For best results, visualize with groups, and in one-on-one situations.

Tips for Success

Keep a daily journal and record any objective evidence that you are communicating more effectively and persuasively. Record both your own behavior, and any comments you hear from others.
