**Seduce them with a  
Gaze**

## **Instructions**

Listen with headphones and eyes closed. Visualize any situation where you are looking at the object of your sexual desire. Visualize them getting hopelessly turned on by your gaze, and suddenly willing to do anything to please you. See yourself from first person (from your own eyes) and third person (from the viewpoint of others).

## **Tips for Success**

Keep a daily journal and record any objective evidence that you are becoming more seductive through only eye contact. Write down any objective data that show you are being more confident with eye contact, as well as any objective data regarding the responses of others to your eye contact.
